Building Reliable Office Infrastructure

A graphic element consisting of a series of red 3D-style arrows pointing to the right. The arrows are arranged in a staggered, overlapping pattern, creating a sense of movement and flow from left to right. This visual metaphor represents the process of building reliable office infrastructure.

Problematic Office Infrastructure

- Inconsistent practices
- Lack of internal communication
- Lack of internal support
- Neglect and procrastination

Create Consistent Practices

- First assess your existing resources
- Review current steps
- Streamline by inserting technology to replace parts of process
- Strategize better utilization of current resources

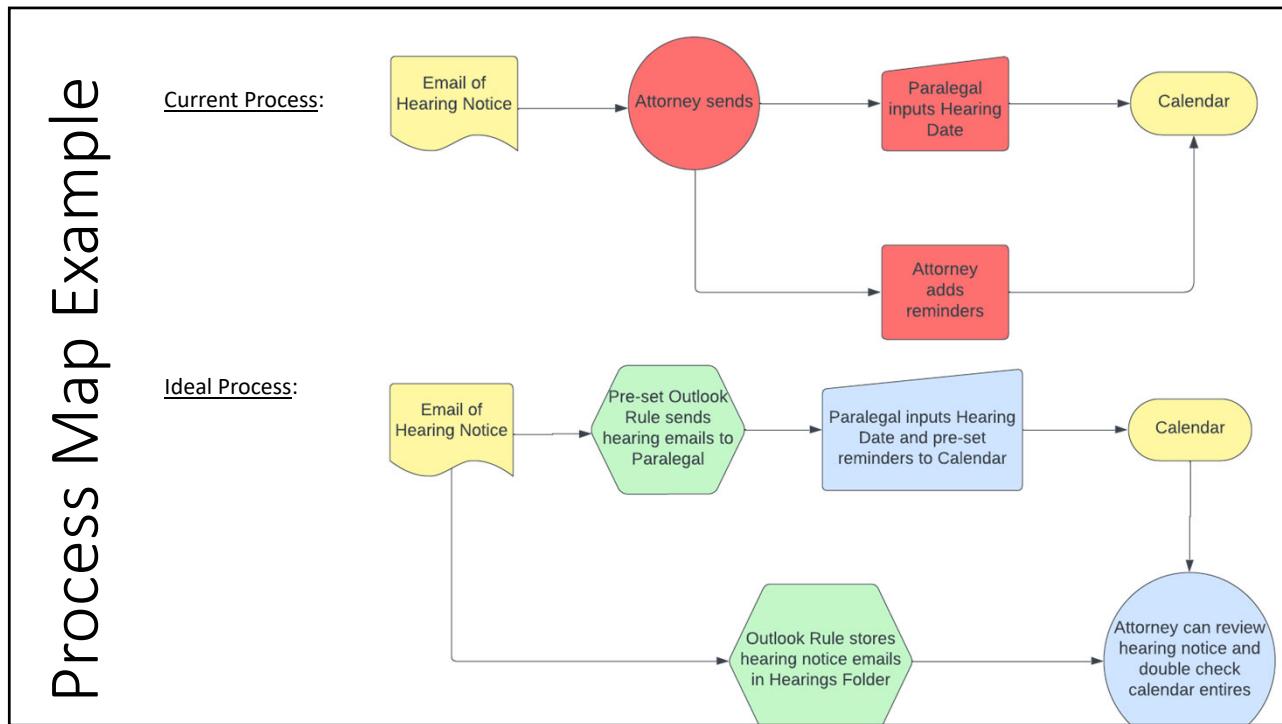

Process Mapping

- Visually describe the flow of work
- Highlight pain points and provide guidance
- Current process vs. ideal process

Process Map Example

Launching Your New System

- Keep written procedures in a shared location and review periodically
- Finding the solution takes time
- Utilize feedback and other resources

Scribe

Conquer Internal Communications

- Identify policies for different types of conversation spaces
- Emphasize opportunity for planning, commentary, and check-in with each other

MS Teams

slack

Google Chat

Foster Staff Excellence

- Consistently onboard new staff
- Check in with staff regularly
- Delegate clearly
- Coach employees to improve
- Analyze available motivation practices

Help Amidst Procrastination

- Identify root causes
- Explain OAAP availability or mental health employee benefits
- Avoid distractions and create focus

Software Can Lend a Hand

- Track tasks individually and for team
- See task status immediately
- Set due date and subtasks

Communication Challenges

- Failure to set and manage client expectations
- Failure to build trust with clients
- Lack of and/or ineffective communication

Set and Manage Client Expectations

- Must be done at each level of the case from initial consult to disengagement
- Clearly define scope of representation and fees
- Send engagement, nonengagement, and disengagement letters

Create a Communication Policy

- Clearly specify communication hours
- Describe “emergency” in detail
- Stick to the policy

Must Build and Maintain Trust

- Let them share their story
- Show empathy
- Communicate clearly by avoiding legal jargon
- Respect each other’s time

Choose Ideal Communication Methods

- Who has access to what technology?
- What is the topic of conversation?
- Need for document sharing?

Maximize Videoconferencing

- Convenient and personable option for meeting with clients
- Benefits include screen share of documents, chat, whiteboard, live caption
- Be mindful of security

Consider Voice Over Internet Protocol (VOIP) or Texting

VOIP

- Route calls through desk phone, computer, or mobile device
- Makes communication easier if working remotely

Ooma 

Texting

- Texting can be a helpful method of communication
- Choose a secure program

Communicate and Share Using Client Portals

- 
- Benefits include encrypted two-way messaging and document sharing
 - Helps with faster payment, scheduling and task management with clients

The screenshot shows the PracticePanther software interface. At the top, there's a navigation bar with links for Home, Matters, Contacts, Calendar, Time Entries, Billing, Payments, Activities, Documents, and Reports. A user profile for "Rachel Edwards" is on the right. Below the navigation is a "Dashboard" section with four summary boxes: TRUST (\$0.00 USD), PAID (\$0.00 USD), DUE (\$2,465.00 USD), and BILLABLE (\$0.00 USD). There's also a "REDEEM \$150 CASH BACK!" button and a "HIDE SIDEBAR" link. The main area includes a "QUICK CREATE" grid with icons for New Contact, New Matter, New Event, New Task, New Note, New Call, Send Message, Track Time, and Add Expense. Below that is a "RECENT ACTIVITY" section with a "What's new?" input field and a "Save" button. To the right is a "TIMER" section showing "00:00:00" and a "FEBRUARY 2024" calendar with the 26th highlighted. At the bottom right are links for "YOUR AGENDA" and "Rachel Edwards's Chat".

Maintain Regular and Effective Communication

- Schedule regular communication with clients
- Follow up with clients after to ensure understanding
- Build communication policy into your workflow

Use Scheduling Software

- Use auto-replies or email signature specifying when emails and voicemails checked
- Consider only scheduled client meetings
- Use scheduling software

Automate Your Communication

- Use integrations between tools to connect apps
- Practice management software or standalone to create your own integrations

Practice management software:

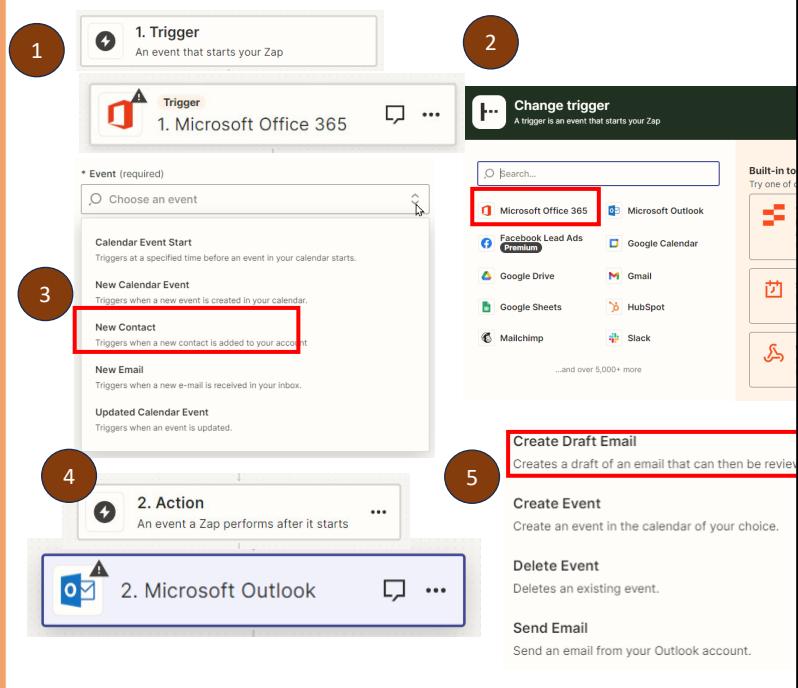

Standalone:

Power Automate

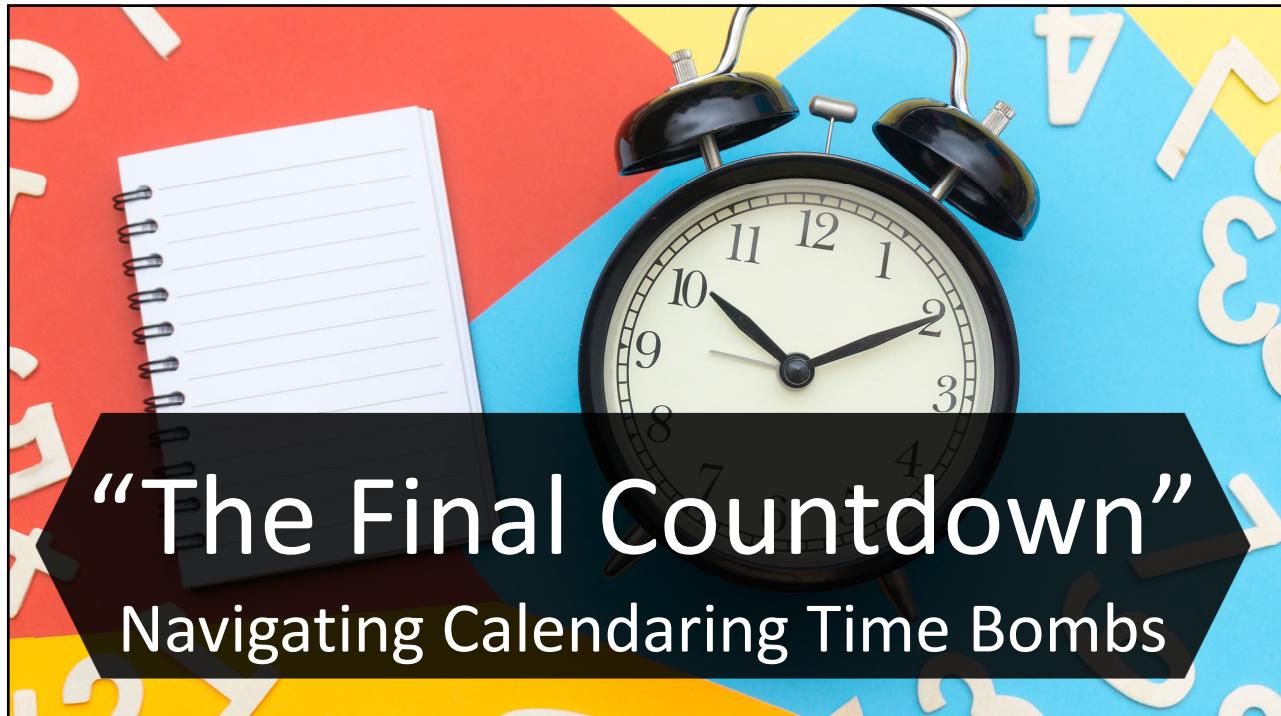

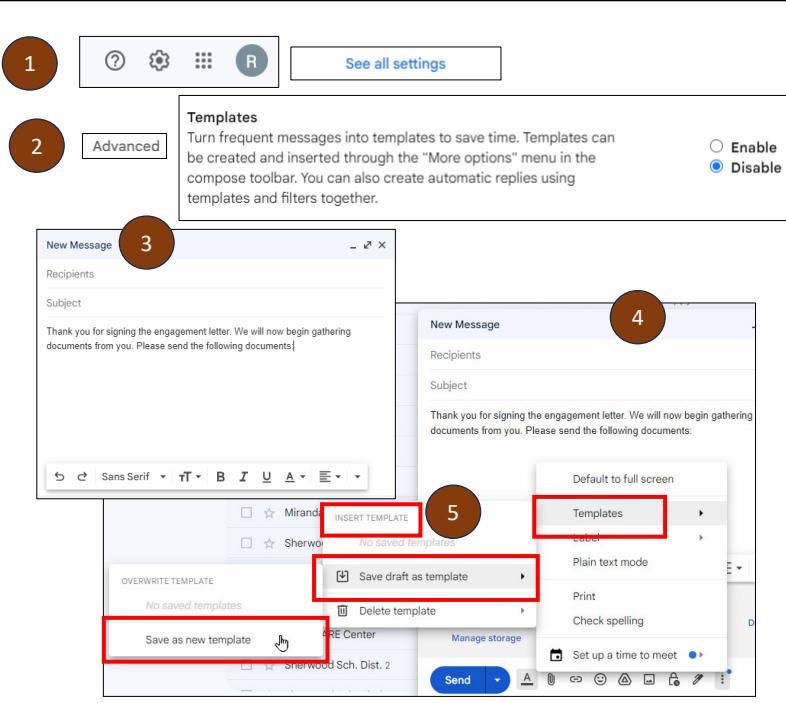

Zapier

1. Click on Trigger.
2. Choose the app that creates the trigger. You'll be asked to sign into your app account if you haven't connected to it before.
3. Then customize your trigger event to trigger the next action.
4. Click on Action. You'll again pick an app.
5. Then select the action you want your Zap to perform after the trigger occurs.

Gmail Templates

1. Click Settings, then See all settings.
2. Then click Advanced. In the templates section, select Enable and Save Changes.
3. Click Compose and enter your template text.
4. Then click More, then Templates, then Save draft as template, then Save as new template.
5. To insert a template, click Compose, More, then Templates, Insert Template.

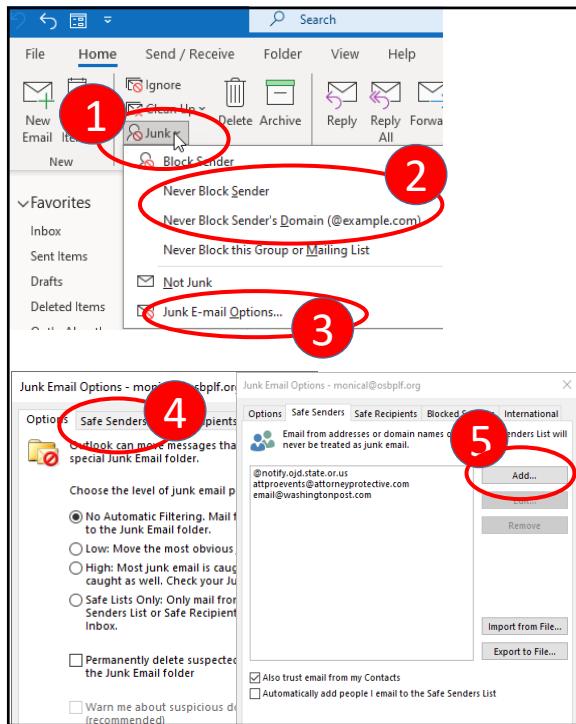

Missed Deadline Factors

- Not implementing good calendaring habits
- Incorrectly calculating deadlines
- Mismanaging your time

Good Calendaring Habits

- Create a routine for entering dates immediately
- Have one main point of entry
- Sync calendars for easy access

Add to Safe Sender List

1. If you select a court email, find the Junk menu under Home.
2. Click on the drop-down menu, and you can put that person or that email's domain on the safe sender list.
3. If you do not have an email in front of you, follow steps one and two, but click Junk E-mail Options.
4. A new menu will pop up that have multiple submenus. Click Safe Senders.
5. You will see a list of already approved safe senders. If "@notify.ojd.state.or.us" is not on the list, click Add and follow the prompts.

Correctly Calculate Deadlines

- Always double check entries
- Calculate manually or with calendaring software

Standalone:

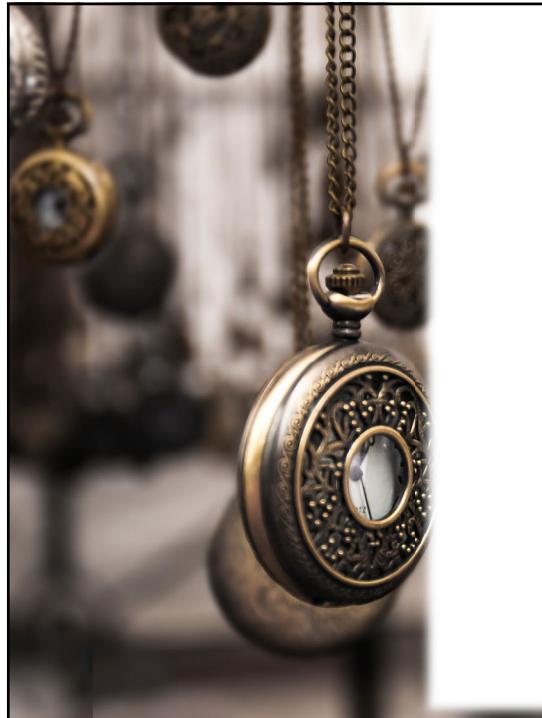

Practice Management Software:

LawToolBox.com

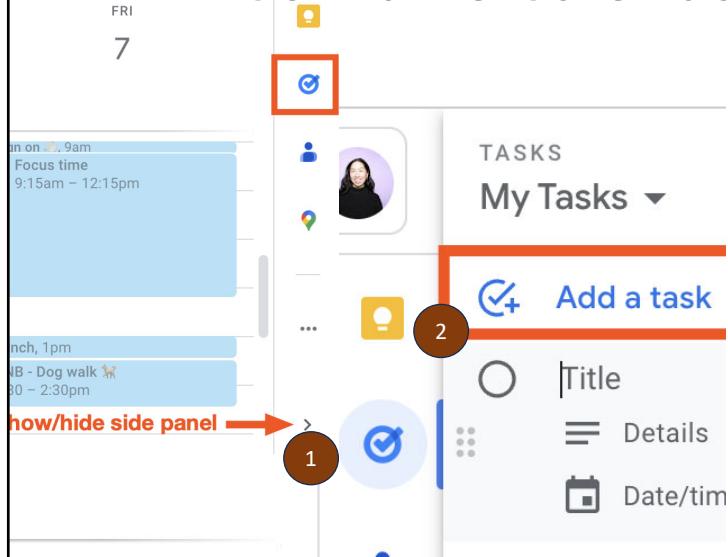

Count Backwards from Deadlines

- Set due date and work through steps backwards
- Add time for acceptance or errors
- Set follow up as a task with a due date

Combine Calendar and Tasks

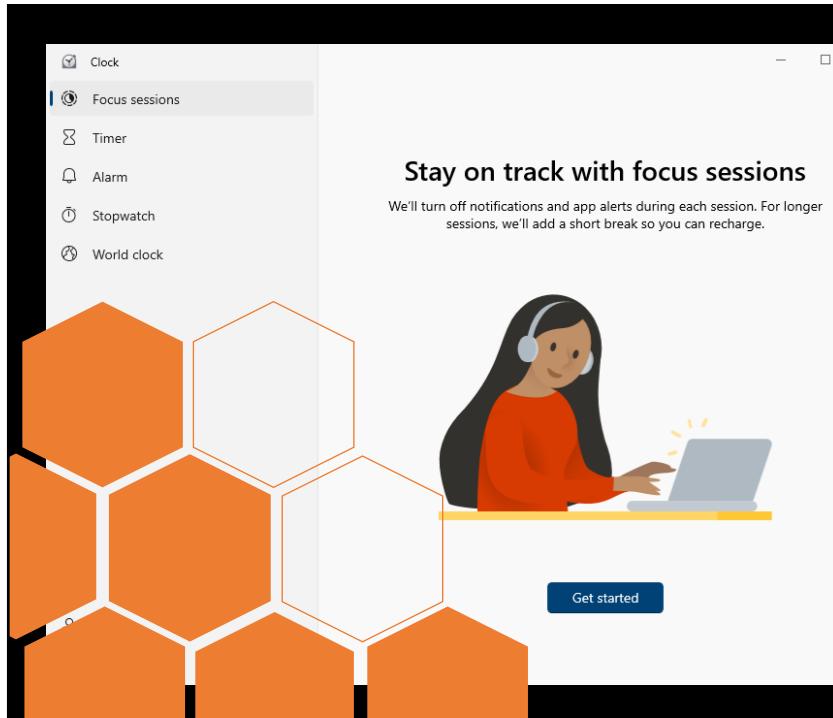

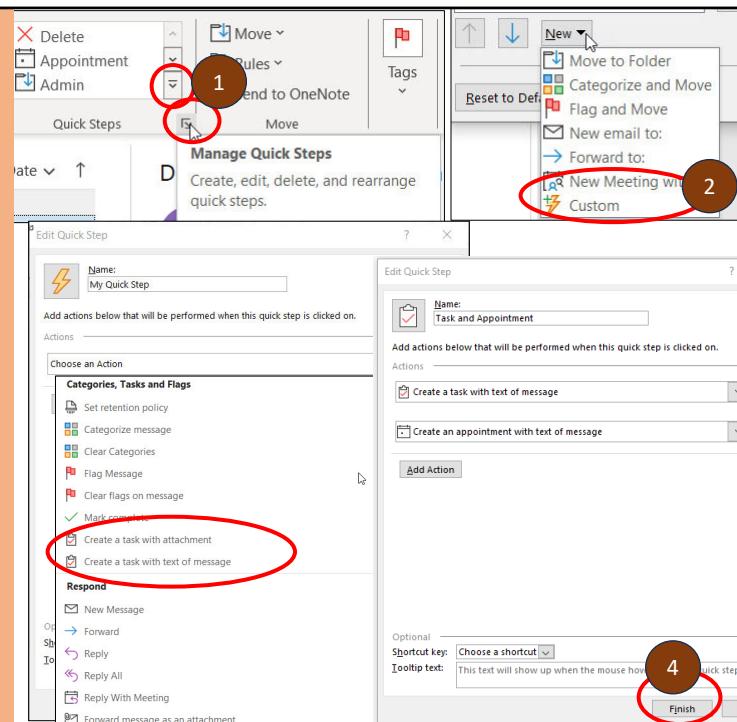

1. Find the right-hand side menu in your Calendar. Click the small arrow at the bottom to open side panel.
2. Find and click on the circled checkmark icon on. Here you will be able to see all your tasks as well as add a task.
3. Any new tasks with a date due will automatically appear.
4. In your email, if you open the task menu in the same right panel, you can drag an email and drop it into Tasks to create a task with the body being that of the email.

Images brought to you by [Zapier Blog: How to use Google Tasks](#)

Quick Steps

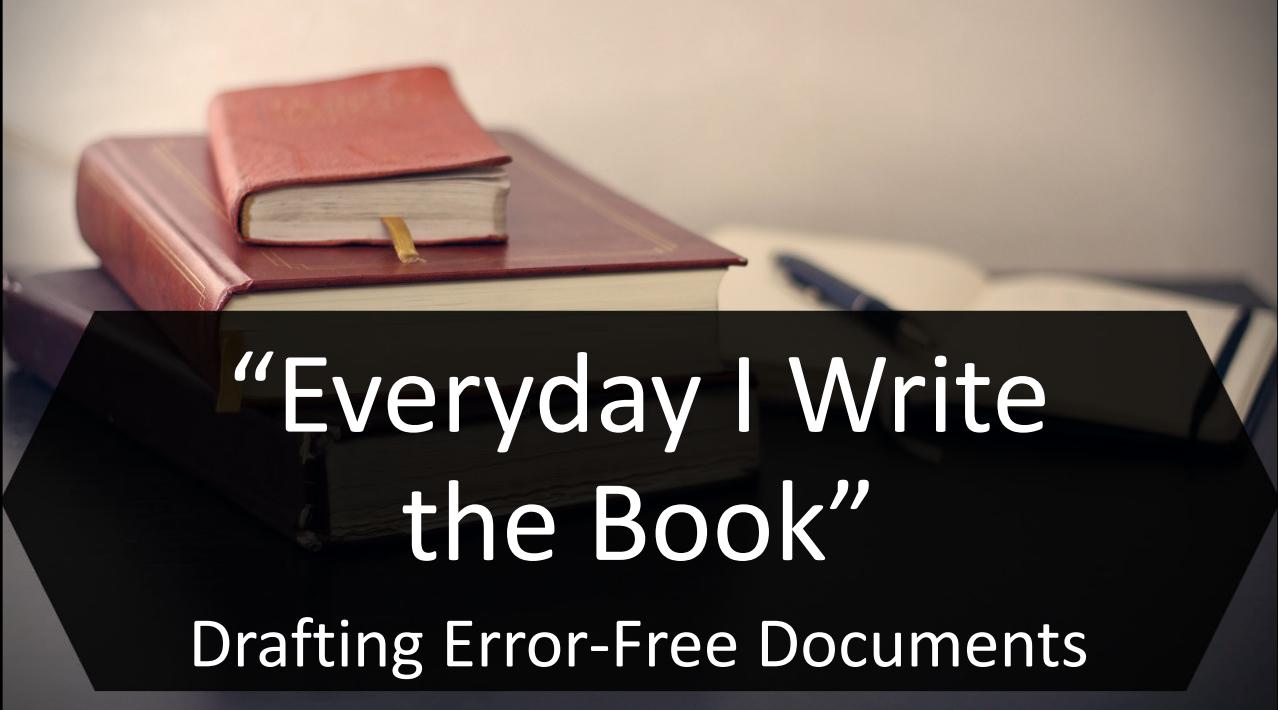

1. Click the arrow at the bottom right or the expand arrow to find Manage Quick Steps.
2. On the new menu, click New at the bottom left. Pick a preset option, or you can click Custom to see all the available actions.
3. If you click Custom, an Edit Quick Step menu will appear. Click the drop-down arrow for all actions.
4. When you click an action, you will get to customize it. Click Finish to finalize.

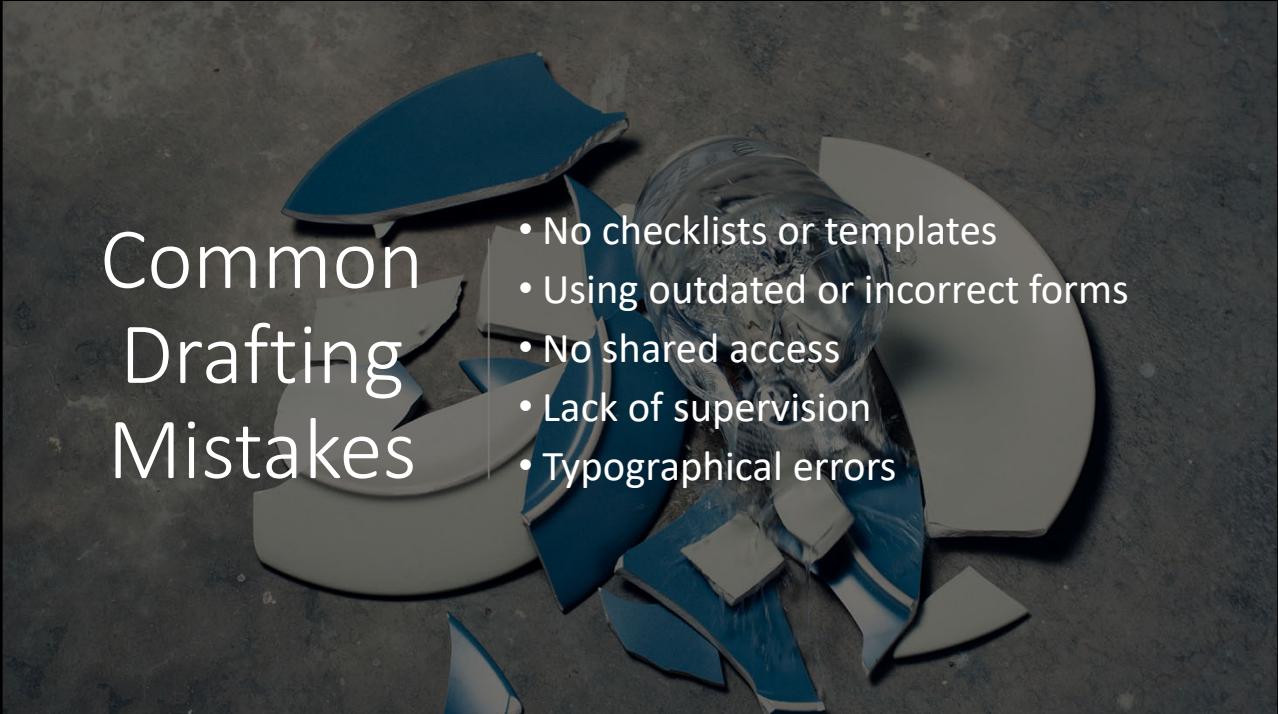

Time to be Found

- Focus mode
- Timer to countdown
- Stopwatch to count up
- Alarm to stop and stretch

“Everyday I Write the Book”

Drafting Error-Free Documents

Common Drafting Mistakes

- No checklists or templates
- Using outdated or incorrect forms
- No shared access
- Lack of supervision
- Typographical errors

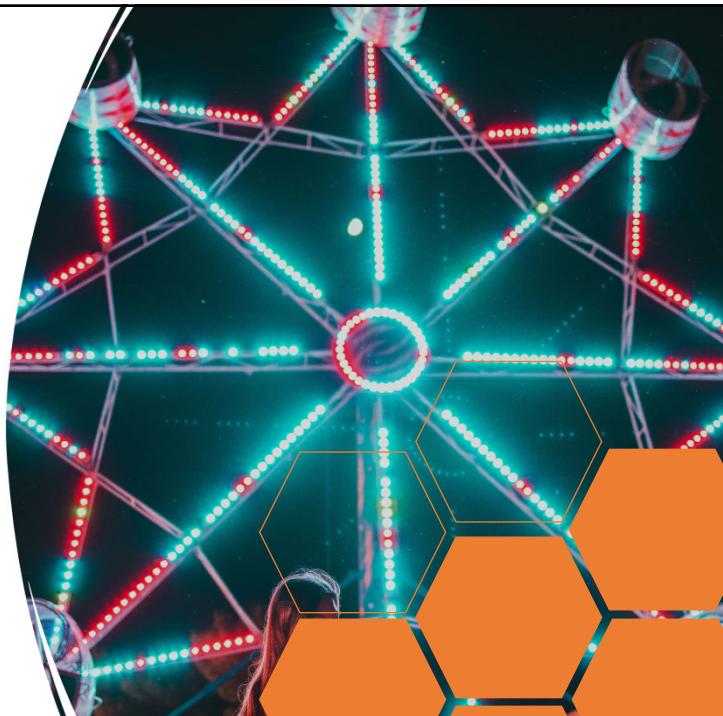

Create Checklists & Templates

- Draft completion checklists for commonly used documents
- Use software to develop document templates
- Make lists and templates easily accessible

Centralize Access

- Utilize document collaboration applications (Adobe Collaboration Synchronizer, Google Docs, Microsoft Teams, etc.)
- Develop system to keep track of document versions (shared folder, OneDrive)
- Use software to compare different documents

Update Form Documents

- Obtain current copies of applicable court rules
- Review new legislation
- Update templates to reflect changes in applicable rules and law

Insert Files into Excel

1. Click Insert.

2. Next, click Link in upper right corner of the screen and a text box should appear.

3. Use the text box to select your preferred document. Click OK.

4. You can now access the selected document automatically by clicking the link within your spreadsheet.

Readers should conduct their own appropriate legal research. The information presented does not represent legal advice.

2 **Quick Parts**

The Insert tab ribbon shows the Quick Parts dropdown menu circled in red. The "Save Selection to Quick Part Gallery..." option is highlighted with a red circle.

3 **Create New Building Block**

The "Create New Building Block" dialog box is open, showing the "Name" field set to "IMPORTANT NOTICES". The "Save in:" dropdown is set to "Building Blocks". The "OK" button is visible at the bottom right.

4 **IMPORTANT NOTICES**

The "IMPORTANT NOTICES" quick part is now listed in the Quick Parts dropdown menu under the "General" category.

5 **IMPORTANT NOTICES**

The "IMPORTANT NOTICES" quick part is inserted into the document, appearing as a text block that can be selected and modified.

Quick Parts

1. Open a new document and enter in the text you would like to save as a Quick Part. Highlight it.
2. Go to the Insert Tab and click Quick Parts.
3. A drop-down menu should appear. At the bottom, click Save Selection to Quick Part Gallery.
4. Complete the information regarding the text and click ok.
5. You can now automatically fill in the text to new documents by clicking the text block to add under the Quick Parts Menu.

Spell Check Tip

- Microsoft Word does not spell check words in all caps
- Under the File menu, click on options. On the left-hand side of the options dialog, click on Proofing
- Uncheck the box next to Ignore Words in UPPERCASE

The screenshot shows the "Word Options" dialog box with the "Proofing" tab selected. In the "When correcting spelling in Microsoft Office programs" section, the checkbox for "Ignore words in UPPERCASE" is circled in red. The "AutoCorrect options" button is also circled in red.

Improving Your File Management

Common Challenges

- Unable to quickly locate documents
- Documents spread across locations and devices
- Insufficient backup process
- No proper retention/destruction policy

Assess File Management Needs

- Physical vs. electronic files
 - Document management vs. document storage
 - Security and backups
 - Client preference
-

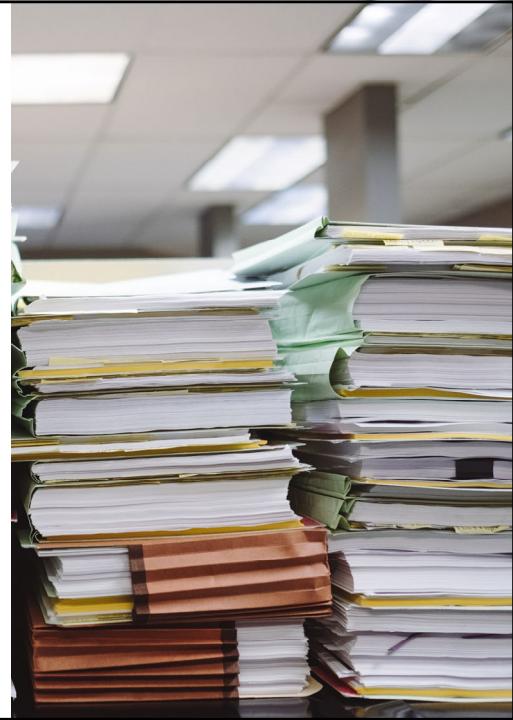

File Storage

- Electronic
 - Hard Drive
 - Local Server
 - Cloud
- Paper

File Storage Tips

- Avoid 'paper-only' files or documents
- Properly safeguard both paper and electronic files
- Return original documents & property to clients immediately

A photograph of a silver laptop and a black external hard drive. To the left of the laptop, there is a decorative graphic consisting of several orange hexagons connected by lines, forming a larger hexagonal pattern. To the right of the devices, a circular callout contains the text "Have a Backup Plan".

Have a
Backup Plan

- 3-2-1 Backup Plan
 - 3 total copies
 - 2 types of storage
 - 1 backup onsite and 1 backup offsite

Physical device for backing up

Hardware:

- External hard drive
- External solid state drive (SSD)
- Backup server
- Portable drive

Software:

- Native: Windows Backup; Mac Time Machine
- 3rd Party: Acronis; AOMEI Backupper; EaseUS Todo Backup

Physical device w/ built-in backup software

- Seagate Backup Plus portable drive
- Western Digital My Passport portable drive
- Samsung T5 SSD portable drive
- Netgear ReadyNAS (network attached storage)
- Western Digital My Cloud (network attached storage)

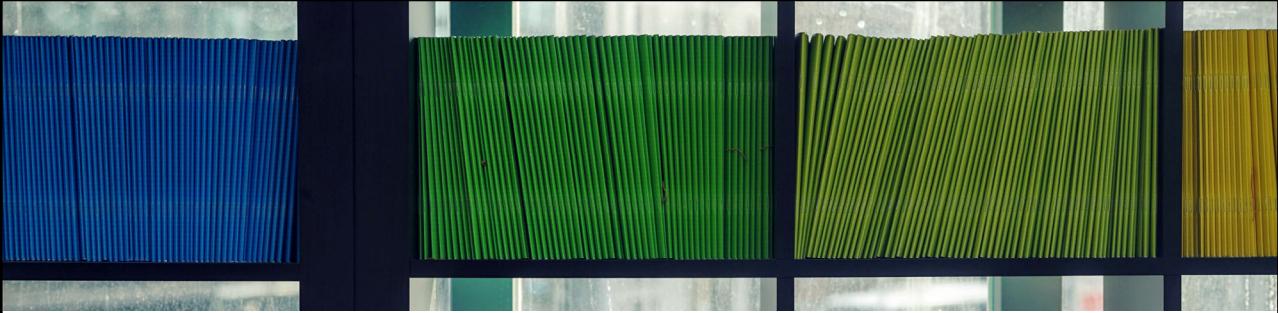

Cloud

- Backblaze • Carbonite • CrashPlan • SOS Online Backup

Backup Tips

- Make it automatic and regular
- Test regularly
- Review your backup policy annually

File Retention Guidelines

- Retain copy of file for 10 years
- Research and evaluate additional factors: practice area, case type, and client
- Treat digital and paper files the same!
- See our *File Retention and Destruction Guidelines*

Remote Work

- WiFi Protected Access (WPA 2 or 3)
- Use strong passwords and MFA
- Use law firm devices on the home network rather than taking control of a home machine

Cybersecurity Tips

- Develop a data breach protocol
- Do not share or reuse credentials
- Use firewalls and anti-spyware
- Purchase cyber liability insurance
